George Nixon in the Field for U.S. Senator.

Word came from Reno last evening that George Nixon of the Silver State was out with a card to the public that he was a candidate for the U. S. Senate against J. P. Jones. The metter was known in Reno yesterday and caused great excitement there. Nixon in his eard puts his candidacy on the ground that he is a resident of the State and Jones is not.

The APPEAL's informant declined to give his authority, but said it was a fact and the matter had been under cad-ideration in the eastern part of the State for the past two weeks and Nixon had been selected to lead the fight.
